OUR PROGRAMS

Eureka! STEM – is an intensive multi-year STEM based program designed for girls ages 12-18.

Bold Business – provides a unique opportunity for young women to develop essential entrepreneurial skills and build meaningful connections within Denver's Business community.

Internships – prepare girls for and provide paid internships, job shadows, and apprenticeships with community partners who fit their interests and aspirations.

Teen Advocacy Council – engages high school girls in sustained advocacy work focused on systems change. Participants research policy issues, develop advocacy campaigns, and meet regularly with policymakers, activists, and nonprofit leaders.
